

## News from TRCC Sweden!

### Race of Hope!!

Team Rynkeby Cycling Club (TRCC) Sweden hereby invite TRCC members from all Team Rynkeby countries to participate in the ***Race of Hope***, the Swedish Childhood Cancer Foundation's virtual race on MyWhoosh!

Every year, the Swedish Childhood Cancer Foundation arranges a huge spinning event, where participants all over Sweden spin for children with cancer.

This year the arrangement has been further developed to also include a virtual race. Which means that you can for the first time participate in the event online.

TRCC Sweden wants to take the opportunity to offer TRCC's members not only in Sweden but also outside of Sweden, to participate in this online event. All funds raised by the event benefits the Swedish medical research within childhood cancer. With the opportunities for dissemination outside Sweden, through the international knowledge exchange. **Together we make a difference!**

Event:	Race of Hope
Date:	March 8, 2025
Start:	09.00 AM Central Europe Time (CET). <b>Please note!</b> The start for everyone is at 9:00 AM and you must be logged on to the event and ready to get started. You ride at your own pace, and you have 4 hours to complete the course, so it's plenty of time.
Route:	Two laps totaling 30km on a track in Belgium called "The Muur". The track includes a climb of Muur Van Geraardsbergen (1,1 km / 92 hm). Please click <a href="#">here</a> to see the climbing details.
Registration:	To register please click <a href="#">here</a> . <b>Please note 1!</b> You cannot register for the event on MyWhoose, you must register via the link above. Once you have registered, you will be provided with further information about the event via email. <b>Please note 2!</b> At the time for this email, you were not able to register your payment in any other language than Swedish. In case you experience an issue in this respect, please refer to the attached screenshots, which explain how to proceed in Swedish.
Participation fee:	You can choose between SEK 150, 250 or 350. Your payment is transferred in full to the Swedish Childhood Cancer Foundation

Equipment: Most trainers with Bluetooth connection can be used. Please click [here](#) for details.

Platform: MyWhoose is available for Windows, Android, iOS & Apple TV. Please click [here](#) for details.

Download: MyWhoose is free to download. You can download [here](#).

**Kind regards**
